

H

ospitality and Respite Care at Brooking Park

When family situations change, or caregivers need time away, Brooking Park provides warm and professional Respite Care for seniors, for short- or medium-term stays through our Respite Care Program. Many seniors come to stay for a week or more, to experience the Brooking Park lifestyle, leading to a decision to join our uniquely caring community. In addition, Hospitality Stays are available for visiting family members and friends of Brooking Park residents, out-of-town family members of patients at nearby hospitals, and seniors whose spouses or other relatives are patients at nearby hospitals.
